# UPDATING YOUR HEALTH RECORD:

## GENDER, CHOSEN NAME, AND PRONOUNS IN YOUR HEALTH RECORD

- You can update your own gender identity and name on va.gov, under profile, which will transfer into your health record.
- Please speak to your provider about your gender identity, chosen name and pronouns.
- If you want a pop-up window listing the name you go by, your pronouns and gender to open when staff access your chart, please contact Bridget Reposa.

## LEGAL NAME CHANGE

- After you legally change your name through the court system and have a new government issued photo ID with your date of birth, you will fill out the patient amendment request form. You will bring that form, the court order, and your new ID to **the Release of Information (ROI) office**. The ROI office should have copies of these forms for you to fill out there.
- After the documents are sent to the Privacy Office, they will mail you a letter saying they received the legal documents. It will take about 30 days from the date on the mailed letter for the health record system to officially update your legal name.
- There are additional steps to change birth sex requiring you to either update your birth sex on your birth certificate or get a letter from your primary care or gender affirming care provider. Contact information for the Privacy Office: 206-277-5156 or 206-277-6039, Email: [pugprivacyofficers@va.gov](mailto:pugprivacyofficers@va.gov)
- Once your legal name is updated in the health record system, go to the eligibility office to get a new VA ID card with your new legal name and/or birth sex.

# MENTAL HEALTH CARE:

## PSYCHOTHERAPY GROUPS FOR TRANSGENDER/ GENDER DIVERSE VETERANS - VIRTUAL

- Meets virtually on the 3rd Monday at 9:00 a.m. OR 1st Tuesday at 11:00 a.m. of each month.
- Participants must have completed some initial steps in addressing their transgender identity. *This is not a drop-in support group.*
- Open to all Veterans enrolled at VA Puget Sound with a mental health provider serving as point of contact. This can be the mental health staff associated with primary care clinics and does not have to be through specialty mental health services. Must be referred by a mental health provider.
- Led by Dr. MJ Mariano, Ph. D, psychologist (She/Her/Hers) & Desta Gebregiorgis (She/They). Contact: 206-277-3027

## SUPPORT GROUP FOR LGBTQ+ VETERANS - VIRTUAL

- Meets virtually on the 2nd and 4th Wednesday of the month at 3:00 p.m.
- Led by Kyle Czeh, LICSW (He/Him/His) and Kevin Skiena, MSW (He/Him/His). Contact: 206-277-6020

## LGBTQ+ COMMUNITY-BUILDING SKILLS AND SUPPORT GROUP - VIRTUAL

- Meets the 1st and 3rd Tuesdays of each month at 3:00 pm
- Run by Bridget Reposa, RN (She/Her/Hers) and Dr. Alvaro Garcia (He/Him/His)
- Intakes done by Kyle Czeh, LICSW (He/Him/His). Contact: 206-277-6020

## INDIVIDUAL MENTAL HEALTH ASSESSMENT AND THERAPY

- If you have never seen a mental health provider at the VA, please call our Mental Health Patient Access Line at 206-277-4709. If you were enrolled in VA Mental Health Care any time in the last 3 years, call the Mental Health Front Desk (206-764-2007) and schedule a next appointment.
- Ask any provider to place consult to Primary Care Mental Health, if you don't already have a VA mental health provider.

## MENTAL HEALTH LETTERS FOR GENDER AFFIRMING SURGERY

- Ask your mental health provider either through the VA or community care to write the first letter for you. If you need a second mental health letter, please let your mental health provider and Bridget Reposa know to be connected with another VA mental health provider.
- If you do not have a mental health provider at the VA or in the community and you're connected with VA Puget Sound Primary Care, please call the primary care mental health integration team at 253-589-4241 to be connected with a mental health provider.
- If you do not have a mental health provider and your primary care provider is through the community, please reach out to Bridget Reposa to be connected to a mental health provider.

## VA VIDEO CONNECT (VVC) [FOR VIRTUAL APPOINTMENTS]

- VA Video Connect allows Veterans and their caregivers to meet virtually with VA health care providers quickly and easily through live video on any computer, tablet, or mobile device with an internet connection.
- For more information, visit <https://mobile.va.gov/app/va-video-connect>

# FAMILY PLANNING/FERTILITY:

- Post-ejaculatory urinalysis
- Sperm cryopreservation for medically-indicated conditions (e.g., cancer, gender affirming hormone therapy)

# INFECTIOUS DISEASE PREVENTION:

## PREP (PRE-EXPOSURE PROPHYLAXIS)/ PREP CLINIC

- PrEP is a medication used to decrease the risk of getting HIV (human immunodeficiency virus).
- Ask your provider for a prescription or a consult to the Infectious Disease pharmacist.
- The PrEP Clinic: appointments can be done virtually or in-person.

## HIV/STI (SEXUALLY TRANSMITTED INFECTIONS) TESTING

- Ask your Primary Care Provider (PCP) to order STI testing.
- Ask for a prescription for condoms.
- If you're living with HIV and you'd like your HIV care through the VA contact your PCP.

# GENERAL CARE:

## PRIMARY CARE

- For new patients needing a primary care provider, please call 206-762-1010 ext. 2.

## PHARMACY

- Call 1-800-329-8387 (press 1).

## INTIMATE PARTNER VIOLENCE ASSISTANCE PROGRAM (IPVAP)

- If you need support with safety planning, VA or community resources related to IPV, or want to attend a group for Veterans who have experienced or used IPV, you can talk to any of your providers or contact the IPV Assistance Program directly at 206- 716 – 5784.

## MY HEALTHeVet (MHV)

- Premium MHV members can send secure messages to their providers, renew VA prescriptions, and view their VA appointments.
- <https://www.myhealth.va.gov/mhv-portal-web/web/myhealthvet/user-registration>

# GENDER AFFIRMING CARE:

## HORMONE REPLACEMENT THERAPY (HRT)/ GENDER AFFIRMING HORMONE THERAPY (GAHT)

- Feminizing and masculinizing hormone treatment to align secondary sex characteristics with gender identity.
- Any primary care or endocrine provider can prescribe gender affirming hormone therapy for Veterans with gender dysphoria/ incongruence. Please ask your provider about starting GAHT.
- Gender dysphoria can be diagnosed by primary care, mental health, or endocrinology.
- Although it may be helpful for patients to work with mental health providers as a support, this is NOT required prior to starting GAHT.
- Talk to your provider about fertility preservation before starting hormone therapy.

## GENDER DIVERSITY CLINIC (GDC)

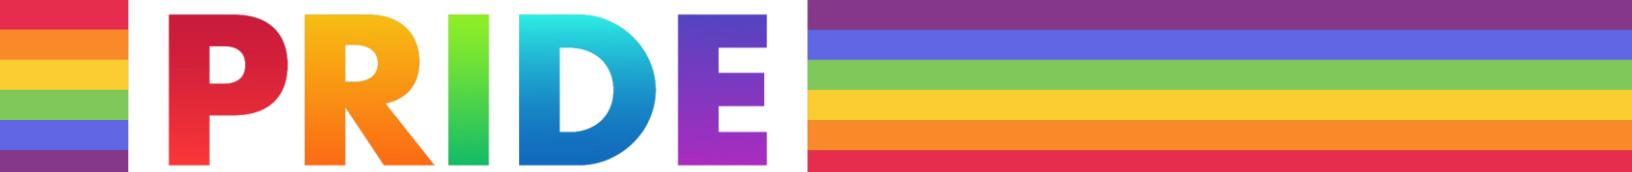

- Clinic is for gender affirming care - GAHT/HRT and discussing other needed care.
- Every Wednesday morning from 8:00 a.m. to 12:00 p.m. in the West Clinic embedded in Endocrinology at the Seattle Division. You will need a consult from your primary care provider to get seen at the GDC.

## MEDICALLY NECESSARY POST-OPERATIVE AND LONG-TERM CARE FOLLOWING GENDER AFFIRMING SURGERY

- If you are experiencing any complications after a gender affirming surgery, you can be seen at any of the following clinics, but not limited to, gynecology, urology, or pelvic floor physical therapy. Please let your provider know of any complications.
- Care typically starts 6 weeks after surgery.

## PELVIC FLOOR PHYSICAL THERAPY- SEATTLE AND AMERICAN LAKE

- For pre/post op gender affirming surgery care, dilator training, urinary, bowel, and pelvic pain concerns. Devices for therapies can be ordered as needed.
- Telephone, virtual (VA Video Connect), and in-person appointments are available. Request a consult from any provider.

PRIDE

The logo features the word "PRIDE" in large, bold, sans-serif letters. Each letter is filled with a different color from the rainbow spectrum: P (red), R (orange), I (yellow), D (green), and E (blue). The letters are slightly overlapping and set against a background of horizontal rainbow stripes.

## PROSTHETIC DEVICES

- VA can provide wigs (for significant hair loss), packers, stand to pee devices, gaffs, chest binders, surgical compression devices (after surgery), breast forms, and dilators.
- Request vendor information and inform any provider of the style, color, and size you would like prior to asking for placement of the consult.
- We have a VA Indiana orthotic provider to help virtually consult with gender affirming items.

## ELECTROLYSIS/LASER HAIR REMOVAL

- The VA provides permanent hair removal coverage pre-operatively for Veterans seeking gender affirming surgeries. You will need to provide pre-operative hair removal instructions from your surgeon for the referral to be placed.
- The VA may be able to provide permanent hair removal for Veterans with dysphoria around current hair distribution. Please speak with your provider about this.
- We currently don't have an electrolysis provider that will accept VA/TriWest payment. We are working on finding someone and/or getting an electrolysis machine at the VA.

## SURGICAL ORCHIECTOMY FOR HORMONE SUPPRESSION (TESTICAL REMOVAL SURGERY)

- Must be on hormones for at least 1 year before a consult to Urology Clinic.
- Name change in your health record if you have a gender specific name to one that matches your current gender identity prior to scheduling surgery.
- Decisions about the appropriate use of orchiectomy will be made on a case-by-case basis as determined by your treatment team.

## GENDER AFFIRMING VOICE TREATMENT- VIRTUAL

- Ask any provider to enter a consult to Speech-Language Pathology Clinic.

## GENDER AFFIRMING SURGERY

- The discussion of gender affirming surgery was announced summer 2021. Congress needs to add gender affirming surgery to the Veterans Affairs Medical Benefits Package.
- WA Medicaid patients may be eligible to have gender affirming surgery at outside facilities. Please contact Medicaid for more information if you qualify.
- Ask your primary care or gender affirming care provider for the medical letter needed.
